Digital Potential  
with our

# **CURRICULUM SUPPORT SERVICE**

---

Struggling to integrate technology effectively across the curriculum?

Feeling overwhelmed by the ever-changing digital landscape?

Want to improve communication and information access within your school community?

**Our Curriculum Support Service is the answer!**

# Designed by a teacher

---

## HELPING YOU DELIVER THE CURRICULUM

Designed and delivered by an experienced teacher with expertise in IT and education, the service empowers schools to leverage technology for improved teaching, learning, and communication.

Our experienced tech-savvy educator will provide personalised support for your school, helping you deliver the curriculum and maximize learning outcomes.

## MEET THE TRAINER

---

Andrew holds a BSc in Computer Science and has several years' experience in IT roles including Developer, Tester, Analyst, Designer and User Requirements Gathering.

In 2006, he transitioned to primary education where he has served in many capacities such as ICT Coordinator, Assessment Lead, Maths Lead, Assistant Head Teacher, Deputy DSL, Teacher, LSA and Tutor.

Andrew is experienced in designing and developing training sessions for both staff and parents face-to-face, remote, or pre-recorded and has the skills, experience and knowledge to support schools with their use of IT.

# CURRICULUM SUPPORT SERVICE

## What We Offer:

---

### Personalised Consultancy:

We work closely with your school to identify your specific needs and develop a customised plan for successful digital integration across both teaching and administration.

### Expert Guidance:

Including peer group meetings and newsletters, our experienced educator provides insightful recommendations and strategies to enhance teaching and learning, and school-wide communication.

### Flexible Support Packages:

Choose the package that best suits your school's needs, from basic implementation support to comprehensive strategic planning.

## Service Details:

---

### Strategy Planning and Consultancy:

- Initial in-depth consultation to assess your current digital landscape and goals.
- Premium package includes three additional sessions for progress reviews and next steps.
- Ad-hoc sessions available upon request for ongoing support.

### Networking Meetings for Computing Leaders:

- Termly meetings designed for knowledge sharing and collaboration among school computing leaders.
- Free attendance for one staff member from your school.
- Stay informed through our termly Computing newsletter.

# Pricing

---
